## About our Program

### What is Move Management Services?

Abilities Network's Move Management Services provides personalized relocation services to support your transition into a new home by planning, de-cluttering, coordinating and re-settling in to your new space

### What services does the program offer?

- FREE In-home consultation
- Planning and organizing your move
- Customized floor-planning
- Arranging for donations and/or sale of unneeded items
- Packing your items for your move
- Scheduling vendors of your choice for move day
- Being the point person for questions on move day
- Completely unpacking your belongings
- Re-settling you into your new home
- Cleaning out of your former home

### Why do I/we need Move Management?

We help with the emotional and physical aspects of moving, making your transition easier for you. Move Management is not a luxury, it's an investment. Give yourself permission to hire a professional.

### After you leave, what is left to do?

Nothing, except relax and enjoy your new home! We feel that retirement is time for you to care for yourself and find that perfect maintenance-free lifestyle and that should all begin with your move. When we leave after the "un-pack" day, your bed will be made, your dishes will be put away, and all of your belongings will have a home in your new home. We will even take all of the packing materials with us.

### I think I may need extra help with organizing before my pack, can you help?

Absolutely! We not only offer pack and un-pack services, but we also offer de-cluttering sessions prior to the pack if you feel that you need extra help!
