Why do I need a Move Manager?

- It minimizes the stress of a move.
- It enhances the marketability of your home.
- It saves your back from the “leg-work” of the move.
- It can pay for itself!

An Abilities Network Move Manager makes your move easier by providing guidance and structure, while you make the decisions. Planning and organizing ahead of time is the single most efficient way to ensure a smooth and cost effective move. A Move Manager can offer suggestions on how to make the most out of the sale of your home. We save you backaches and headaches! You can even use the money you make on sold items to help you pay for your Move Management Services!

Why not just hire the mover to pack and unpack for me?

Many moving companies offer packing and unpacking services. The costs tend to be higher and the services incomplete. Most movers “sell” you the packing materials, where we “rent” them to you at reduced rates. At the end of the move, the movers leave the packing supplies for you to dispose of, where we take them with us. If you hire a mover, you are also responsible for organizing your belongings in your new home. Abilities Network’s Move Management Services does this for you! We pack with the intention of unpacking and re-settling you in your new home. Our services are affordable, and most importantly, the caliber of our staff is unmatched.
